

From Beginner to Master

- Each Certification Level leads you forward on your journey toward optimizing your management & leadership skills and advancing your knowledge of Lean
- Upward mobility on the career track for Leaders, Managers and Teachers

Lean Learning Starts at The Center!

"Learning is a way of life and problem solving serves to challenge the creativity and ingenuity of the people who work within the Lean system."

Bill Artzberger, Partner,
The Lean Learning Center

LEAN CERTIFICATION

Your Roadmap to Ongoing Improvement

6 Levels – 6 Certifications

Each progressive level provides further knowledge of Lean and its diverse applications. By providing proficiencies at six different levels, the Lean Learning Center's Certification Training meets the needs of individuals, companies, organizations, and educators at each stage of their development. Learning modules
